Language(s) of selected role (student or teacher)

Within “View my history” Search past readings specifically based on what you are looking at the moment

Words expected to be known by the user

Hint mechanism: “I have seen this word/sentence before. Where is it in the context of a past reading?”

Student's average across the class

Track amount of words I am supposed to know by the end of the semester

Read texts, related to the time spent in the reading interface

I.e.: Am I learning the right amount of words every day/week, etc.?
